REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

**To the Board of Directors
Bank of Sharjah P.S.C.
Sharjah
United Arab Emirates**

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of **Bank of Sharjah P.S.C.** (the “Bank”) **and its subsidiaries** (together the “Group”) as at 31 March 2014, and the related condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the three months period then ended. Management of the Group is responsible for the preparation and fair presentation of this interim financial information in accordance with International Accounting Standard 34 - “*Interim Financial Reporting*” (“IAS 34”). Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity.” A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects in accordance with IAS 34.

**Notes to the condensed consolidated financial statements
for the three months period ended 31 March 2014****1. General information**

Bank of Sharjah P.S.C. (the “Bank” or “Parent”), a public shareholding company, was incorporated by an Emiri Decree issued on 22 December 1973 by His Highness The Ruler of Sharjah and was registered in February 1993 under the Commercial Companies Law Number 8 of 1984 (as amended). The Bank commenced its operations under a banking license issued from the United Arab Emirates Central Bank dated 26 January 1974. The Bank is engaged in commercial and investment banking activities.

The Bank’s registered office is located at Al Khan Road, P.O. Box 1394, Sharjah, United Arab Emirates.

The Bank operates through five branches in the United Arab Emirates located in the Emirates of Sharjah, Dubai, Abu Dhabi and the City of Al Ain.

2. Basis of preparation

The condensed consolidated financial statements of the Bank and its subsidiaries (together referred to as the “Group”) are prepared in accordance with the International Accounting Standard No. 34 - Interim Financial Reporting issued by the International Accounting Standards Board and also comply with the applicable requirements of the laws in the U.A.E.

The condensed consolidated financial statements are presented in U.A.E. Dirhams (AED) as that is the currency in which the majority of the Group’s transactions are denominated.

The accounting policies adopted are consistent with those followed in the preparation of the Group’s annual consolidated financial statements for the year ended 31 December 2013.

These condensed consolidated financial statements do not include all the information required in full consolidated financial statements and should be read in conjunction with the Group’s consolidated financial statements for the year ended 31 December 2013. In addition, results for the period from 1 January 2014 to 31 March 2014 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2014.

3. Application of new and revised International Financial Reporting Standards (IFRSs)**3.1 New and revised IFRSs applied with no material effect on the condensed consolidated financial statements**

The following revised IFRSs have been adopted in these condensed consolidated financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior periods but may affect the accounting for future transactions or arrangements.

- IFRIC 21 *Levies*. The Interpretation was developed to address the concerns about how to account for levies that are based on financial data of a period that is different from that in which the activity that give rise to the payment of the levy occurs.
- Amendments to IAS 32 *Financial Instruments: Presentation* relating to application guidance on the offsetting of financial assets and financial liabilities.
- Amendments to IAS 36 - *Recoverable amount disclosures*
The amendments restrict the requirements to disclose the recoverable amount of an asset or CGU to period in which an impairment loss has been recognized or reversed. They also expand and clarify the disclosure requirements applicable when an asset or CGU’s recoverable amount has been determined on the basis of fair value less costs of disposal.

**3. Application of new and revised International Financial Reporting Standards (IFRSs)
(continued)**

**3.1 New and revised IFRSs applied with no material effect on the condensed consolidated
financial statements (continued)**

- Amendments to IAS 39 *Financial Instruments: Recognition and Measurement, Novation of Derivatives and Continuation of Hedge Accounting*. The amendment allows the continuation of hedge accounting when a derivative is novated to a clearing counterparty and certain conditions are met.
- Amendments to IFRS 10 *Consolidated Financial Statements*, IFRS 12 *Disclosure of Interests in Other Entities* and IAS 27 *Separate Financial Statements - Guidance on Investment Entities*

On 31 October 2012, the IASB published a standard on investment entities, which amends IFRS 10, IFRS 12, and IAS 27 and introduces the concept of an investment entity in IFRSs. The objective of this project is to develop an exemption from the requirement to consolidate subsidiaries for eligible investment entities (such as mutual funds, unit trusts, and similar entities), instead requiring the use of the fair value to measure those investments.

The application of amendment does not result in any impact on profit or loss, other comprehensive income and total comprehensive income.

3.2 New and revised IFRSs is in issue but not yet effective

The Group has not applied the following new and revised IFRSs that have been issued but are not yet effective:

<u>New and revised IFRSs</u>	<u>Effective for annual periods beginning on or after</u>
• Amendments to IAS 19 <i>Employee Benefits</i>	1 July 2014
• Annual Improvements to <i>IFRSs 2010 - 2012 Cycle</i>	1 July 2014
▪ <i>IFRS 2 Share Based Payments</i> - definition of 'vesting condition'.	
▪ <i>IFRS 3 Business Combinations</i> - accounting for contingent consideration.	
▪ <i>IFRS 8 Operating Segments</i> - aggregation of segments, reconciliation of segment assets.	
▪ <i>IAS 16 Property, Plant and Equipment</i> - proportionate restatement of accumulated depreciation on revaluation.	
▪ <i>IAS 24 Related Party Disclosures</i> - management entities.	
▪ <i>IAS 38 Intangible Assets</i> - proportionate restatement of accumulated depreciation on revaluation.	

**Notes to the condensed consolidated financial statements
for the three months period ended 31 March 2014 (continued)**

**3. Application of new and revised International Financial Reporting Standards (IFRSs)
(continued)**

3.2 New and revised IFRSs is in issue but not yet effective (continued)

<ul style="list-style-type: none"> • Annual Improvements to <i>IFRSs 2011 - 2013 Cycle</i> <ul style="list-style-type: none"> ▪ <i>IFRS 3 Business Combinations</i> - scope exception for joint ventures. ▪ <i>IFRS 13 Fair Value Measurement</i> - scope of the portfolio exception. ▪ <i>IAS 40 Investment Property</i> - interrelationship between IFRS 3 and IAS 40. 	1 July 2014
<ul style="list-style-type: none"> • IFRS 14 <i>Regulatory Deferral Accounts</i> 	1 January 2016

Management anticipates that the adoption of the above standards in future years will have no material impact on the condensed consolidated financial statements of the Group in the period of initial application.

4. Judgments and estimates

The preparation of condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed consolidated financial statements, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the consolidated financial statements as at and for the year ended 31 December 2013.

5. Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements as at and for the year ended 31 December 2013.

6. Summary of significant accounting policies

As required by the Securities and Commodities Authority of the U.A.E. ("SCA") Notification No. 2624/2008 dated 12 October 2008, certain required accounting policies have been disclosed in the condensed consolidated financial statements.

a) Basis of consolidation

These condensed consolidated financial statements incorporate the financial statements of the Bank and entities controlled by the Bank. Control is achieved where the Bank has the power over the investee, exposure, or rights, to variable returns from its involvement with the investee and the ability to use its power over the investee to affect the amount of the investor's returns.

The interim condensed consolidated financial statements comprise the financial statements of the Bank and of the following subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting period as that of the Bank, using consistent accounting policies.

**Notes to the condensed consolidated financial statements
for the three months period ended 31 March 2014 (continued)**

6. Summary of significant accounting policies (continued)

a) Basis of consolidation (continued)

All significant inter-group balances, income and expense items are eliminated on consolidation.

Changes in the Bank's ownership interests in subsidiaries that do not result in the Bank losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Bank's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid/payable or received/receivable is recognised directly in equity and attributed to owners of the Parent.

The Bank's interests, held directly or indirectly, in the subsidiaries are as follows:

Name of Subsidiary	Proportion of ownership interest		Year of incorporation	Country of incorporation	Principal activities
	2014	2013			
Emirates Lebanon Bank S.A.L.	80%	80%	1965	Lebanon	Financial institution
BOS Real Estate FZC	100%	100%	2009	U.A.E.	Real estate development activities
BOS Capital FZC	100%	100%	2009	U.A.E.	Investment
Polyco General Trading L.L.C.	100%	100%	2008	U.A.E.	General trading
Borealis Gulf FZC (Note 13)	100%	100%	2011	U.A.E.	Investment & Real estate development activities

During the first quarter of 2013, the Bank increased its shareholding in Emirates Lebanon Bank S.A.L. by acquiring the shares of a non-controlling interest. This transaction increased the Bank's equity in Emirates Lebanon Bank S.A.L. to 80% and the difference between the fair value and the carrying amount of non-controlling interest acquired is recognised in retained earnings. The consideration paid to acquire the non-controlling interest is AED 73.7 million and carrying amount of the acquired shares is AED 71.6 million, the difference between the consideration paid and the carrying amount of the acquired shares amounting to AED 2.1 million was recognised directly in retained earnings. Additionally, as a result of this transaction, a further AED 11.1 million was reallocated from retained earnings of the group to non-controlling interests.

b) Investment property

Investment properties are held to earn rental income and/or capital appreciation. Investment property includes cost of initial purchase, developments transferred from property under development, subsequent cost of development and fair value adjustments. Investment property is reflected at fair value at the condensed consolidated statement of financial position date. The fair values are the estimated amounts for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's length transaction. The fair value is determined on a periodic basis by independent professional valuers. Fair value adjustments on investment property are included in the condensed consolidated income statement in the period in which these gains or losses arise. No valuations were performed during the period, as the fair value of the investment properties estimated as at 31 December 2013 are reflective of the fair value as of 31 March 2014.

**Notes to the condensed consolidated financial statements
for the three months period ended 31 March 2014 (continued)**

6. Summary of significant accounting policies (continued)

c) Non-current assets held for sale

Non-current assets are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. They are stated at the lower of carrying amount and fair value less costs to sell.

7. Seasonality of results

No income of a seasonal nature was recorded in the condensed consolidated income statement for the three months period ended 31 March 2014 and 2013.

8. Cash and balances with central banks

(a) The analysis of the Group's cash and balances with central banks is as follows:

23. Segmental information

Operating segments are identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segment and to assess its performance.

For operating purposes, the Group is organised into two major business segments:

- (i) Commercial Banking, which principally provides loans and other credit facilities, deposits and current accounts for corporate, government, institutional and individual customers; and
- (ii) Investment Banking, which involves the management of the Group's investment portfolio.

These segments are the basis on which the Group reports its segment information. Transactions between segments are conducted at rates determined by management, taking into consideration the cost of funds and an equitable allocation of expenses.

The following table presents information regarding the Group's operating segments:

23. Segmental information (continued)

Geographical information

The Group operates in two principal geographical areas - United Arab Emirates (country of domicile) and Lebanon (referred to as 'foreign').

The Group's revenue from external customers and information about its non-current assets by geographical location are detailed below:

	Country of domicile AED'000	Foreign AED'000	Total AED'000
2014			
Operating income (from external customers) for the three months period ended 31 March 2014 (unaudited)	110,024	33,949	143,973
Non-current assets as at 31 March 2014 (unaudited)	950,040	305,837	1,255,877
2013			
Operating income (from external customers) for the three months period ended 31 March 2013 (unaudited)	125,656	34,698	160,354
Non-current assets as at 31 December 2013 (audited)	884,249	305,680	1,189,929

24. Fair value of financial instruments

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. As such, differences can arise between book values and the fair value estimates. Underlying the definition of fair value is the presumption that the Group is a going concern without any intention or requirement to materially curtail the scale of its operation or to undertake a transaction on adverse terms.

Investments held at fair value through profit and loss

Investments held at fair value through profit and loss represent investment in securities that present the Group with opportunity for returns through dividend income, trading gains and capital appreciation. Included in these investment listed, equity securities for which the fair values are based on quoted prices at close of business as at 31 March 2014, and unlisted bonds for which the fair values are derived from internal valuation performed based on generally accepted pricing models, all inputs used for the valuation are supposed by observable market prices or rates.

Unquoted investments held at fair value through other comprehensive income

The condensed consolidated financial statements include holdings in unquoted securities amounting to AED 975 million (2013: AED 977 million) which are measured at fair value. Fair values are determined in accordance with generally accepted pricing models based on discounted cash flow analysis and capitalisation of sustainable earnings basis or comparable ratios depending on the investment and industry. The valuation model includes some assumptions that are not supported by observable market prices or rates.

**Notes to the condensed consolidated financial statements
for the three months period ended 31 March 2014 (continued)**

24. Fair value of financial instruments (continued)

Unquoted investments held at fair value through other comprehensive income (continued)

For determining the fair value of those investments that are valued using the discounted cash flow analysis, a long term earnings growth factor of 2% and risk adjusted discount or capitalisation rates in the range of 14% to 20% were used. If the long term earnings growth factor were 100 basis points higher/lower while all other variables were held constant, then the carrying amount of the shares would increase/decrease by AED 2.4 million (31 March 2013: AED 2.9 million). Similarly, if the risk adjusted discount or capitalisation rates were 100 basis points higher/lower while all other variables were held constant, then the fair value of the securities would decrease/increase by AED 5.2 million (31 March 2013: AED 6.2 million).

For investments valued using comparable ratios, share prices of comparable companies represent significant inputs to the valuation model. If the share prices of the comparable companies were 5% higher/lower while all other variables were held constant, then the fair value of the securities would increase/decrease by AED 48 million (31 March 2013: AED 54 million).

Fair value of financial assets carried at amortized cost

Except as detailed in the following table, the management considers that the carrying amounts of financial assets and financial liabilities measured at amortized cost in the condensed consolidated financial statements approximate their fair values.

	31 March 2014		31 December 2013	
	Carrying amount AED'000 (unaudited)	Fair Value AED'000 (unaudited)	Carrying amount AED'000 (audited)	Fair value AED'000 (audited)
<i>Financial assets</i>				
- Other financial assets measured at amortized cost	557,276	568,076	539,645	547,583

The fair value for other financial assets measured at amortized cost is based on market prices (level 2).

Fair value of the Group's financial assets and financial liabilities that are measured at fair value on a recurring basis

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value. They are banked into levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices, including over-the-counter quoted prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).
